E-Commerce Ethics Forum & Junzi Corporation Survey Result Announcement (電子商務倫理論壇暨君子企業調查2018結果公佈)

We have been mentioning about the project, Junzi Corporation Survey, since August. The project team has completed the survey and will announce the survey result of this year in the event on 4 December.

Besides the result announcement, we are honoured to have business leaders and KOLs to share their broad experiences of business ethics in e-commerce. As the event is one of the program items of the 7th World Business Ethics Forum, we are delighted to have guests from other universities. For details, please refer to the event poster.

Please join us if you would like to know more about the coming new developments of the project.

The HSU Hong Kong Business Ethics Index and Commendation List of Junzi Corporations 2018 will also be posted on the Junzi's website, <https://junzi.hsmc.edu.hk/> after the announcement.
